Eternamente Tua di Ca' San Giorgio (2009, female)

Dam: Facciamo Paradiso di Ca' San Giorgio

Sire: Graf Grannus

Eternamente Tua di Ca' San Giorgio

(Graf Grannus x Edison x Derwent xx)

The father, **Graf Grannus,** earned the title of Hanoverian Stallion of the year in 2004. To date he has sired over 362 broodmares, 48 of which have been awarded the State Premium title. He has 20 licensed stallion sons, of which **Ginsberg, Goodman and Graf Top**. According to the 2007 Hanoverian Stallion Yearbook, his offspring have won approximately $544,000 Euro among them **Gem of India** (M. Whitaker), **Kasting Horses Gavi** (H. Weinberg) and **Gardenio** (T. Minikus). He is from the Hanoverian G-line, always a guarantee for performance ability, especially for outstanding jumping power. He is one of the finest representatives of this bloodline, with large eyes, strong neck, solid, well-muscled conformation and excellent character. His offspring stand out for excellent jumping technique and jumping scope.

The first mother, **Facciamo Paradiso C'SG**, was a mare with a lot of personality and an incredible talent for jumping. At 3 year old she **WON ALL** the Free Jumping contests in which she took part. Winner of Free Jumping Italian Championship with the highest score to date unbeaten. She had an excellent sport career with an amateur riders at 1.40 level, till she returned in our breeding farm as a mare. Unfortunately she died this year (2013) in foal by Nabab de Reve.
This family was introduced in our breeding program to acquire, once again, a line who carried the precious blood of English Thouroughbred for jumping. Her mother Zodiac is out of the famous Irish T.B. **Derwent xx** who is closely related to **Uppercut xx** the well known T.B. operating in The Netherlands.

Eternamente Tua C'SG, at present 4 year old, represents the third generation of a strong jumping family. With her wide and supple movements combined with the great balance and an extremely cooperative temperament. she is very easy and pleasent to ride as all the Graf Grannus offspring. Furthermore, the jumping instinct and the talent inherited from the mother plus her very good technique and power, suggest a great sporting career.
